

You may not have heard of Stage One, but we can guarantee you will have seen our work.

From the set of TV show The Voice, to the Eurovision Song Contest stage, and even the set for Ed Sheeran's Mathematics Tour and the 2012 Olympic Cauldron we produce work that is seen all over the world.

We are a creative construction and manufacturing company and are responsible for delivering some of the most iconic projects in recent times.

We are a multi-disciplined manufacturer spread over 12,000sqm of estate, with four facilities that house engineering, fabrication, woodwork, finishing and specialist manufacturing.

Fabricator/Welder

The Role:

Fabricator/welders support the department in carrying out welding and fabrication tasks on projects running through the workshop to a high standard as required. The Metal Workshop at Stage One provides a fully comprehensive range of services from machining individual components and manufacturing light gauge tubular structures, through to scenic construction and heavy gauge structures such as mezzanines and truss frames. We are currently looking for Fabricator/welders from both MIG and TIG backgrounds, with strong experience in either field who have worked with mild steel, stainless steel and aluminium components.

→ **Salary:**

Competitive salary depending on experience

→ **Hours of Work:**

07:30 – 16:00, Monday – Friday, with overtime as required

→ **Location:**

Tockwith, York with site work as required
