

You may not have heard of Stage One, but we can guarantee you will have seen our work.

From the set of the TV show The Voice, to the Mercury Music Prize stage and even the 2012 Olympic Cauldron we produce work that is seen all over the world.

We are a creative construction and manufacturing company and are responsible for delivering some of the most iconic projects in recent times.

We are a multi-disciplined manufacturing facility spread over 12,000Sqm of estate with four manufacturing and storage facilities, engineering, fabrication, woodwork, finishing and a specialist manufacturing facility.

The Mechanical Fitter is responsible for the assembly and testing of electro-mechanical assemblies as well as machining and welding parts.

The Engineering department is responsible for designing, manufacturing, assembling, testing, commissioning and site support of our machines with the assistance of our mechanical and electrical design engineers and electrical production departments.
