

STAGE ONE

FINISHING TECHNICIAN

You may not have heard of Stage One, but we can guarantee you will have seen our work.

From the set of the TV show The Voice, to the Mercury Music Prize stage and even the 2012 Olympic Cauldron we produce work that is seen all over the world.

We are a creative construction and manufacturing company and are responsible for delivering some of the most iconic projects in recent times.

We are a multi-disciplined manufacturing facility spread over 12,000Sqm of estate with four manufacturing and storage facilities, engineering, fabrication, woodwork, finishing and a specialist manufacturing facility.

The Finishing Technician will support the HQ Paint department in delivering high end exhibition finishes on required projects.

As we encounter such a broad range of projects, we need to be able to satisfy the equally broad range of variable skills regarding paint application, curing and durability of finish.

DETAILS OF THE ROLE

SALARY	Dependent on experience
HOURS OF WORK	Monday – Friday, 07:30 – 16:00, with overtime as required
LOCATION	Based at Tockwith, near York

ABOUT THE ROLE

The Finishing Technician will support the HQ team to deliver projects on time within the HQ paint schedule.

Key Responsibilities:

- Preparing materials including filling & sanding and preparing surfaces using metal, wood or plastic part to sand or ground surface.
- Responsible for ensuring all surfaces are prepared to give the best possible finish.
- Applying primer coats using spray guns and rub down surfaces between coats.
- Mixing paints using a schemed database system.
- Developing spraying skills by working in a spray booth.
- Using internal ERP system for signing off stages in production.
- Clearly communicate all relevant information including job progress and any problems and/or issues.
- Communicate in a positive manner with other team members and departments.

PERSON SPECIFICATION

QUALIFICATIONS

ESSENTIAL – A general education to include 5 GCSE passes at Grade C or above (including Maths and English), or an equivalent educational qualification, or relevant experience.

KNOWLEDGE

ESSENTIAL

- Painting/Spraying knowledge (High Quality standard i.e. Automotive industry experience).
- Knowledge of H&S and correct use of PPE.
- Understanding of H&S issues in relation to manual handling and COSHH.
- Knowledge of different paints and primers.

PERSON SPECIFICATION

SKILLS, EXPERIENCE, ABILITIES & COMPETENCIES

ESSENTIAL

- Previous experience within a workshop environment.
- Competent in preparing materials including filling and sanding.
- Competent in preparing surfaces.
- Experience of working to varying production deadlines and changing specifications.

DESIRABLE

- FLT licence.

PERSONAL ATTRIBUTES

ESSENTIAL

- Positive attitude to work.
- Highly organised and able to work flexibly, under pressure and to tight deadlines.
- Drive, enthusiasm and commitment.
- Have a flexible approach to working hours, particularly during busy periods of the year.
- Enthusiasm to support other areas of the department as required.
- Willingness to adopt new ways of working and to make improvements.
